The Mysore Government state that the Municipal Council of Bangalore City is not in favour of utilising the services of the Fire Brigade of the Civil and Military Station. They ask for information as to the amount that has to be paid for the help rendered by the Civil and Military Station Fire Brigade on two occasions. The Collector may be consulted.

Sls. 157 & 172

In sl. 224 the Government of Mysore said that they would avail themselves of the use of the Fire Brigade in case of Fire Accidents in the villages close to the Station on payment of a fee of Rs. 50 for a call of 3 hours or less and of Rs. I5 for each subsequent hours work. The rates were considered suitable but the Commissioner of Police pointed out that the Fire Engine was too valuable to be taken to villages away from the main road and this was intimated to the Mysore Govt. As they have not said anything about this they may be addressed on the subject.

Sir,

The Fire Brigade has at present no apparatus for rendering first aid either to the public or themselves. Scalds, burns, cuts and -- bruises are common occurrences at a fire; fractures and suffocation are not so common but are very likely to occur. I think the Engine should carry a small First Aid outfit - all the men have passed in First Aid; to this end I addressed the Residency Surgeon on the subject and a copy of his reply is enclosed. I request permission to order the outfit recommended by the Residency Surgeon - total cost including freight etc. not to exceed Rs. 40/-.

The expenditure can be met from 26 A Police District Executive Force Contingencies - Office expenses & miscellaneous - cost of upkeep of Fire Engine in the Budget for 1928-29.
